

Drugs That Require Step Therapy

In some cases SecureCare HMO, SecureChoice PPO requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Step-1 and Step-2 drugs both treat your medical condition, we may not cover the Step-2 drug unless you try the Step-1 drug first. If the Step-1 drug does not work for you, we will then cover the Step-2 drug shown in the chart below. SecureCare HMO, SecureChoice PPO will only provide coverage after it determines that the drug is being prescribed according to the criteria specified in the chart.
